EDUCATION

Singapore University of Technology and Design – B.Sc. Design & AI, Minor in Computer Science **Sep 2023 – May 2027**
Exchange: Dankook University (Mobile Systems Engineering)

Nanyang Polytechnic – Diploma in Business Informatics (Business Analytics & Entrepreneurship) **Apr 2018 – Mar 2021**

TECHNICAL SKILLS

- **Design & research:** Figma, Maze, prototyping, user interviews, usability and A/B testing, WCAG 2.2 AA
- **Front-end & AI:** React, React Native, JavaScript, HTML/CSS, Figma Plugin API, OpenAI API, Google Calendar API
- **Design-engineering handoff:** component guidelines, GitHub PRs and code review, technical documentation, AI-assisted development (Claude Code, Codex)
- **Collaboration & backend:** stakeholder alignment, requirements gathering, Python, Flask, PHP (Laravel/Livewire)

EXPERIENCE

22 Media Pte Ltd – Software Engineer Intern, Mobile App Tech Team **Jun 2026 – Sep 2026**

- Built reusable React Native components and user flows in a live production app, turning design intent into polished, shippable UI through GitHub PRs and code review.
- Partnered with the UI/UX team to turn Figma designs and product requirements into working prototypes (Laravel/Livewire, React Native), so ideas could be tested earlier.
- Wrote component guidelines and naming conventions that kept design and engineering consistent across the team.

Hegen Pte Ltd – Project Management Intern, Strategy & Transformation **Sep 2025 – Dec 2025**

- Designed and built courses, SOPs and training for the global 360Learning LMS rollout to franchise and licensing partners, supporting the licensing team and management.
- Built an internal Python translation tool that securely converts Word and PowerPoint files into other languages, removing the need for third-party platforms.
- Redesigned the Flegen Shopify site's UI/UX in two phases, using custom HTML/CSS to refresh the menu and visual style and standardise page layouts.
- Analysed Singapore birth-rate trends for the COO to better understand Hegen's target users, turning the data into insights for product and marketing strategy.

SUTD STEAMunity Programme – Advanced Design Mentor **May 2025 – Aug 2025**

- Coached student teams over 4 months from problem exploration to functional prototypes, including an AWS-sponsored challenge, giving iterative design feedback and aligning stakeholders.

RSM Stone Forest – Full Stack Engineer Intern, MIS Department **Sep 2020 – Feb 2021**

- Built a full-stack onboarding platform prototype solo; as liaison between audit and tech teams, defined requirements and automated billing report generation.
- Wrote technical and functional documentation to support deployment and future scalability.

PROJECTS

GrantPal – AI grant management platform **May 2025 – Aug 2025**

Being Bridges Pte Ltd (social enterprise) · Technical Lead

- Led the build from concept to web deployment (React, Flask), including the team's grant-tracking dashboard.
- Built AI modules for grant eligibility analysis and drafting (OpenAI API) and Google Calendar deadline tracking, cutting manual review and follow-up time.

POUR – Accessibility plugin for GovTech Singapore **Aug 2026 – Oct 2026**

Design challenge, GovTech Singapore · User research, pitch and plugin development

- Researched designer and developer needs; pitched a plugin that checks designs against WCAG 2.2 AA and turns each issue into a note developers can act on.
- Contributed to the plugin code (Figma Plugin API, SGDS web components, JavaScript).

NomQuest – Social eating app for busy working adults **Jun 2025 – Aug 2025**

HCI and AI course, SUTD · Team of five · Research, prototyping and testing

- Ran user interviews and three rounds of usability testing with 69 participants in total, iterating the design after each round.
- Prototyped from paper sketches to interactive Figma flows; tested with Maze.

ADDITIONAL

- **Leadership:** Welfare Director, DAI Programme; Outreach Director, SUTD Mountaineering Club; Hostel Warden, SUTD; Detachment Commander, 10 C4I Battalion (NS); Church Youth Leader
- English and Mandarin (fluent) · Grade 8 Piano
